Mabel Crowley: Book Four

Habermas, from the domain of sociology, also points out the relevance of the cooperative character of communication processes, in which participants have to negotiate their reference to reality in order to be able to actually understand each other. The impossibility of a perfect transmission of a meaning is a key concept in communication studies, still it is important to define what elements and factors cause human beings to be unable to understand each other fully. This means that the publicized discount can be effective in generating additional sales while the lower redemption rate reduces its cost.
